

ATT QUALIFICATION

The Association of Taxation Technicians (ATT) is the professional body for qualified taxation technicians who specialise in UK tax compliance. Members are qualified by examination and practical experience.

Achieving and maintaining the ATT qualification demonstrates to the employer and client that a benchmark has been achieved. ATT members are committed to continuing their long-term professional development, so that employers and clients can be sure their knowledge and skills are up to date, giving your business a competitive edge.

Taxation Technicians

ATT EXAM STRUCTURE

This is a modular structure offering a choice from six free-standing Certificates of Competency so if a candidate works wholly in, for example, personal tax compliance, they will be able to take an examination in that topic only. This will

lead to the award of a Certificate of Competency in personal taxation. For full membership three papers must be passed together with the two E-Assessments and two years' practical experience in UK taxation.

Two compulsory written papers:

- 1 Personal Taxation
- 2 Business Taxation & Accounting Principles

Two compulsory E-Assessments:

- Law
- Professional Responsibilities & Ethics

Your choice of any one of the following four:

- 3 Business Compliance
- 4 Corporate Taxation
- 5 Inheritance Tax, Trusts & Estates
- 6 Value Added Tax

Certificates of Competency

- A pass in an examination paper gives entitlement to a Certificate of Competency in the relevant subject
- Valid for three years
- No requirement for practical UK tax experience
- Renewable on submission of CPD record and payment of a fee
- Can hold any number of Certificates

Examinations

Examinations are held in May and November each year at examination centres around the UK, with candidates being required to register as a student six months in advance.

Each Certificate paper is three and a quarter hours in length with 15 minutes reading time included.

Study options

Although the Association does not provide courses or training, it strongly recommends that candidates follow a course of study which specifically prepares them for the examination. There is a list of courses available on the ATT website compiled from information provided by the organisations listed.

Each examination focuses on demonstrating achievement in:

Certificate Paper	1	Personal Taxation <ul style="list-style-type: none"> • Preparing the information of income and capital gains to be included in the SA personal tax return and any associated computations • Submitting the return and computations under UK self assessment • Completing a client's claim for tax credits 	COMPLUSORY*
Certificate Paper	2	Business Taxation & Accounting Principles <ul style="list-style-type: none"> • Preparing the information to be included in SA tax returns for sole traders or partners • Preparing the information to be included in the SA partnership tax return • Preparing the information to be included in CTSA returns for companies • Preparing any associated computations in relation to the above • Submitting returns and computations under self assessment and CTSA 	
E-Assessment		Law	COMPLUSORY*
E-Assessment		Professional Responsibilities & Ethics	
		Each E-Assessment is one hour in length. Certificates of Competency are not available for a pass in the E-Assessments.	
		The E-Assessments are taken at test centres around the UK at any point during the year	
Certificate Paper	3	Business Compliance <ul style="list-style-type: none"> • Dealing with employer obligations under PAYE, NIC and related matters under the tax system • Completing and submitting VAT returns 	CHOOSE ANY ONE*
Certificate Paper	4	Corporate Taxation <ul style="list-style-type: none"> • Dealing with all aspects of the Paper 2 syllabus in more complex situations. This paper is not intended to be a corporate tax paper, rather it will focus on the taxes that affect corporate businesses and their owners 	
Certificate Paper	5	Inheritance Tax, Trusts & Estates <ul style="list-style-type: none"> • Preparing the information to be included in the SA Trust & Estate Tax Return • Preparing any associated computations in relation to the above • Submitting the return and computations under UK self assessment 	
Certificate Paper	6	Value Added Tax <ul style="list-style-type: none"> • Preparing the information to be included in the VAT Return for a taxable trader • Computing any annual or periodic adjustments to be included in a VAT return • Being aware of any special schemes available for taxable traders generally, and to be able to complete returns where such schemes apply 	

* To be eligible for membership a candidate must pass the two compulsory written papers, two compulsory E-Assessments and any one of the other papers plus fulfill the experience requirements.
